

## Project-Based Arts Integration Professional Development Using Common Core Exemplar Texts

**Creative Capacity Builders** is led by Ms. Celena Turney, an international performing dance artist, educator, and administrator with more than 30 years of experience. Her work in Los Angeles and Ventura Counties has reached 17 school districts and over 1 million students. Ms. Turney was an Elementary Dance Teacher/Peer Coach for LAUSD and VAPA Coordinator for Las Virgenes USD.

**Creative Capacity Builders** is committed to leading inspired change through the arts by providing 'best practices' in strategic planning, program design, curriculum services, professional development and program evaluation.

**Creative Capacity Builders** supports teachers and administrators in building capacity for the arts using a multi-faceted approach towards instruction and delivery.
